<u>Autumn – leading to Migration</u>

1. How do you feel when you realise summer is beginning to fade? What are the things you dislike? What positive things start coming into your mind?

2. For you personally, what‘s the best about autumn?

3. Talk to your neighbour about what you dislike or even hate?

4. With your neighbour(s) talk about which words come to your mind when you think about autumn. Write down 6 - 7 words.

…… …….. ……..

…….. ……. ……..

Then we‘ll compare. Which are your most popular terms? Does that tell us anything?

4. Do you notice when the birds start to migrate? Do you go out of Berlin to watch them? (Linum, Kuhhorst, Nauen, where else? Did you ever see the film ‘Nomads of the air‘? (It was French).

Talk about birds migrating – what you notice, what you like etc.
